What is STARS?

STARS' mission is to empower and enrich lives through adaptive recreational activities. STARS provides life changing experiences for youth and adults with intellectual disabilities, physical disabilities, autism, injured military veterans and their families.

Why Volunteer?

Volunteers are the heart and soul of STARS. Volunteering is an enriching and rewarding experience to share your love of outdoor sports and helping others. As a volunteer, you will meet new people, enjoy outdoor activities and positively impact the lives of others. Each year STARS volunteers give more than 16,000 hours to teach skiing, snowboarding, cycling, rock climbing, kayaking and many other sports to nearly 600 participants. STARS counts on volunteers like you to help create a safe, fun and positive environment.

How to Apply

You can apply to volunteer online at www.steamboatstars.com and go to Join Our Team to submit the volunteer application. Once the application is complete, you will be contacted with more information regarding summer programming.

Volunteer Requirements

- Volunteers must be 16 years of age or older
